

**GOVERNMENT OF INDIA
PLANNING
LOK SABHA**

UNSTARRED QUESTION NO:6488
ANSWERED ON:07.05.2003
PENDING SCHEMES
MONI KUMAR SUBBA

Will the Minister of PLANNING be pleased to state:

- (a) the number of schemes pending with the Union Government which is proposed to be funded from the Non-lapsable Central Pool of Resources (NLCPR) indicating their cost and the time since when they are pending;
- (b) the reasons for the delay despite prioritization thereof by the State Government indicating the latest stage of their pendency or clearance;
- (c) whether Government of Assam has lately stressed that projects of at least Rs.300 crores from NLCPR for 2001-02 be cleared urgently and flow of funds for the ongoing projects be expedited ; and
- (d) if so, the details of such schemes and the Government's response thereto?

Answer

MINISTER OF STATE IN THE MINISTRY OF STATISTICS & PROGRAMME IMPLEMENTATION, MINISTER OF STATE IN THE MINISTRY OF PLANNING AND MINISTER OF STATE IN THE DEPARTMENTS OF ATOMIC ENERGY AND SPACE (SH. MOOKHERJEE)

(a): According to guidelines for administration of Non-lapsable Central Pool of Resources (NLCPR), North Eastern States submit a prioritized list of proposals for seeking support under NLCPR latest by the month of February for ensuing financial year. Considering merit of the proposals included in the list, priority attached to it by the State Government and the NLCPR Guidelines, Committee to administer the NLCPR thereafter retains/identifies selected proposal(s) for further detailed examination. The State Governments are thereafter requested to send the Detailed Project Reports (DPR's) for such identified/retained proposals which are then sent for detailed techno-economic examination by Department/Ministry concerned in the Government of India. Based on recommendations of such examinations, the Committee takes appropriate decisions regarding final sanction of the projects. A Statement of proposals retained/identified but pending final sanction is annexed.

(b): As given in the Statement, the reasons for time gap between retention and sanction vary from project to project. In some cases, the State Governments have not submitted the Detailed Project Reports (DPR's), while in some cases the States have to clarify the queries raised by the examining agency; and in some cases the proposals are with concerned Government Departments for examination.

(c): The Chief Minister of Assam had submitted a memorandum in December, 2002 to sanction projects of at least Rs.300 crore during the financial year (2002-03). The Committee administering the Non-lapsable Central Pool of Resources after taking into account the priority list submitted by the Government of Assam; the available funds under NLCPR, the commitments for ongoing projects and competing demands from other North Eastern States finally sanctioned 8 new projects costing Rs.141.92 crore.

Flow of funds for ongoing projects under NLCPR depends on State's performance in implementation of specific projects and timely submission of necessary documentation in this regard such as Utilisation Certificates, Quarterly Progress Reports, Work Plan for the requisitioned amount with milestones and time frame, photographs of the works completed from earlier releases. Rs. 90.63 crore and Rs. 140.07 crore were released in the years 2001-02 and 2002-03 respectively for the various projects in Assam under NLCPR.

(d): The details of funds released in respect of each of the projects including new projects sanctioned during 2002-03 are available on the website: www.northeast.nic.in

ANNEXURE

State	Name of the project	Estimated Cost (Rs. crore)	Date of retaining the project	Remarks
Arunachal Pr.	Transmission line from Along to Pasighat	27.00	4.12.2002	Technical comments have

been received from
Central Electricity
Authority on
